Virginie Pirard (Committee on Clinical Research)

5:00 - 5:15 Break

5:15 - 6:00

"A primer to ethics in animal research"

Xavier Montagutelli (Head of Animal Facilities)

Discussion groups composed of 8-12 students will be organized to be held in the last week of June. Discussions will be based on "On Being a Scientist: A Guide to Responsible Conduct in Research" from the National Academies Press and led by junior scientists at Pasteur. Scheduling of three separate one-hour discussions will occur immediately after the Workshop and all interested students are encouraged to sign up.

This workshop is a mandatory component of the PPU PhD program and highly recommended for all PhD students of the Institut Pasteur.
